PAVING MARKET

Suggestion to Remove the Mud and Put Down Brick There

While the brick street improvement is in abeyance awaiting a construction of Court in regard to certain matters pertaining thereto, there is a sentiment pervading members of Council of the propriety of completing that part of Market intersecting Second and Third streets.

The work could be conducted in a manner that would in nowise jeopardize or commit the city in points now at variance and before the Court for adjudication.

It is a connecting link that of necessity should be completed without further delay. Aside from being a permanent improvement, it will be the means of giving employment to a laboring class which has been idle the greater part of the winter and sadly in need of work.

Take the matter up, Mr. Mayor, and gentlemen of the Council, and let the good work begin without further unnecessary delay.

THE NEW CAPITOL

At Frankfort Rapidly Nearing Completion—Some Facts About Its Construction

The following facts and figures regarding the new State Capitol Building at Frankfort are quite interesting.

Ground was broken for the work on May 30th, 1905, and when it is formally turned over to the Legislature it will have been erected in about three years.

The entire cost of the building will be \$1,198,604, and the architect's fee \$51,306.

However, the money which goes to the architect is not to be paid until the building is completed.

The building itself is 402 feet 10 inches long and 180 feet wide. Its height at the

central pavilion is 90 feet, while the dome rises 130 feet higher, making the extreme height of the dome 220 feet from the ground.

The building is three full stories and a basement, besides the balconies of the two legislative halls.

It contains 375 carloads of Bedford stone, 75 carloads of Georgia and Tennessee marble, 42 carloads of granite, 6,000,000 brick, 130 carloads of Portland cement, 30 carloads of lime, 576 carloads of sand, 500 carloads of gravel, 30 carloads of steel, 60 carloads of tile, 150 carloads of lumber, 14 carloads of plaster of paris and 20 carloads of roofing material, plate glass and plumbing material.

An elaborate program will be arranged for the ceremonies attending the presentation of the building to the General Assembly.

Before Federal Court
Are Four Bracken
County Night
Riders.

Robert Staton, Who Was
Outraged By Gang of
Marauders, Takes
Summary
Action.

Uncle Sam is at Last Called
Upon to Settle the
Outlawry.

If the course pursued by Robert Staton, the Brooksville tobacco buyer who was whipped and 20,000 pounds of his tobacco burned at Brooksville a few days ago, is followed by other men who have fallen victims of the night rider outlaws in Kentucky, the whole felonious practice will soon end and the daring criminals imprisoned or hanged.

Tuesday in the United States Court at Covington Staton filed suit through Attorneys Myers and Howard against Elbert Route, Benjamin McCracken, Hillman Hamilton and John Flannery, all residents of Bracken county, who he accused of fomenting the raid against his warehouse.

Staton asks for \$50,000 damages.

In the bill of complaint Staton alleges that on the night of March 9th, Route, McCracken, Hamilton and Flannery, with about 150 others, armed, surrounded his home, ordered him out at the point of a gun and compelled him to accompany them to his warehouse situated nearby. There, he claims, the mob tore out the side of the warehouse, dragged the tobacco into the road, poured kerosene on it, and set fire to it. After burning the tobacco, Staton alleges, the mob formed a circle around him, and beat him cruelly with a rawhide whip. Staton claims that he applied to the State officials for protection and when it was not forthcoming was compelled to leave the State and take up his residence in Ohio.

Staton claims that the County Attorney at Brooksville had a quantity of tobacco stored in the same building, but that the night riders left it unmolested.

Similar suits against other parties are expected to be filed and Staton is also reported to have said that he would bring the matter to the attention of United States District Attorney J. H. Tinsley and Federal Marshal S. G. Sharp.

The four defendants were summoned yesterday by the United States Marshal, who went to Brooksville for that purpose.

Governor Wilson Approves Many of the Important Measures Passed By General Assembly

FRANKFORT, KY., March 18th.—Ninety-two bills were passed by the 1908 session of the Kentucky General Assembly, which formally adjourned at half past three o'clock this morning. The members of the House made a futile effort to make it nine-tenths, endeavoring to pass the Cureton Libal bill, for which the Kentucky Press Association had worked so hard.

Representative F. M. Hutcheson of Henderson, who was in the chair, tried to get a quorum together, but without success. Representative Klar of Lexington got up out of bed and came back to the legislative hall to help the newspapers, but it did no good. The Senate had already adjourned.

GOVERNOR SIGNS BILLS.

Twelve of the bills passed by both Houses had been signed and made laws by Governor Wilson, and shortly after noon today he signed the thirteenth. It was the Wilhelm Anti-Pool-Room bill, favored by the thoroughbred breeders.

ing and racing interests, and which, it is believed, will go a long way to conserve "the sport of kings" in this Commonwealth.

The aggregate amount of the appropriations provided for, including the half million dollar act for the benefit of State University and the two State Normal Schools, and the \$476,000 for the completion of the new Capitol, is \$1,441,200.

Mrs. Mary Wilson died Tuesday night at her home near Aberdeen, aged 65.

The Dover News says in an alteration at Ripley Sunday between Thomas Thomson and Louis Daller, the former was cut across the face and his ear cut in two by a knife in the hands of Daller. Thomson then put Daller out of business for a while by the use of a rock and club, according to report.

In the Brown County (Ohio) Common Pleas Court the past week, the case of A. M. Danberry vs. Mayville Foundry, Machine and Marine Company was heard upon the evidence. The suit grew out of the purchase of iron by plaintiff, which defendants claim was made through plaintiff as their agent. Court held that there was nothing due plaintiff, and defendants were ordered to recover amount in controversy and costs expended. The money amounts to \$450, with interest from August 11th, 1907, now in hands of Sheriff.

Recent Growsome Experience of a Chicago Man Is Sample of a Series of Such Cases

During L. T. Cooper's recent visit to physician in St. Louis was recommended to me, and I was under his treatment some time, but as usual I obtained no relief.

"So many people asked me to try Cooper's preparation that I decided to do so, and after using it for a few days, this awful thing passed from my system. I feel much better already, and I want to say right here that I thank Mr. Cooper a hundred times for what his medicine has done for me. I would not take \$5,000 and have that thing back in my system again."

Mr. Winkler is a fair sample of the experience of many during Cooper's stay in Chicago, and this no doubt helped to account for the enormous sale of the Cooper preparation in this city and others, recently visited by the young man.

We sell and will be pleased to explain the Cooper preparations.—T. J. Chenoweth.

MEN

GO IT BLINDLY IN
BUYING CLOTHES

When ready-made clothes are properly made, the custom tailors' are no better. When they are indifferently made, they are an abomination. We don't blame some people for their prejudice. The trouble with the average man is that he buys hurriedly and blindly. He doesn't find out where the good kinds are sold. For instance our experience has taught us that there are in America not over five manufacturers whose product is worthy of a high place in your estimation. These are the ones we handle. Their products are so evenly balanced that no matter which line you select, you can't get anything but good merchandise—the best that America affords. This is a form of protection that inspires confidence in you and cannot fail to benefit us both.

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says:

Doan's Kidney Pills have been used in our family with most beneficial results, and it gives me pleasure to corroborate the testimonial given in their favor some years ago by Mr. Wallingford. As stated then, he suffered a great deal from backache, failing to obtain relief from any of the remedies which he used. Hearing Doan's Kidney Pills highly spoken of, he obtained a box from J. Jas. Wood & Son's Drugstore, and had only taken them a short time when a complete cure was effected. The fact that he has remained free from any recurrence of the trouble is sufficient evidence of the sterling value of this remedy. I have also used Doan's Kidney Pills and they have always afforded me the same relief as they did my husband.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
